*I purchased the Vibra Trim the first day I tried it. I just love having it in my home! Being a busy Laughter Yoga Leader, I get lots of aerobic exercise, but I was looking for an effective, fast way to build strength and endurance, and also tone my body. I want to build up my bone density, my lean muscle mass, and keep my circulation strong. The Vibra Trim is the perfect compliment to Laughter Yoga! I no longer have to make myself workout, I look forward to my 10 minutes daily. Lori*
